Experience it yourself !

about us

As an innovative designer, manufacturer, and supplier of playground equipment, Funplay is dedicated to creating safe, enjoyable play experiences for children.
We take pride in our focus on safety, speed, and adding value to enrich kids' lives. Our mission goes beyond structures to nurture life skills for a well rounded future.

anubhav

Anubhav is not a regular product catalogue.
It's a play experience book.

Instead of just showing playground equipment, Anubhav lets you experience it. Every page is designed to spark curiosity, invite interaction, and slowly reveal the products through fun, hands-on activities.

Usually, brands ask you to visit experience centres. Funplay brings the experience to your hands anywhere, anytime, at your leisure. This book is not only about products. It's about playing your way through them. Flip through animations, try simple DIY tasks, draw, solve, explore, and play games each activity helping you understand the equipment better, naturally and joyfully.

So don't just read this book.
Play with it. Explore it. Experience it.

what's inside?
